PUBLIC INFORMATION NOTICE

Your application cannot be processed unless all of the requested information and accompanying documents have been supplied. These materials will be used by the Maryland Department of the Environment to confirm the applicant's eligibility to participate in the Maryland Water Quality Trading Program, verify existing effluent performance data and register tradable credits. You have the right to inspect, amend, or correct any information provided. Under State Government Article, §10-611 et seq., Annotated Code of Maryland, the information contained in your application and documents may be available for public inspection.

All Supporting Documentation Should be Uploaded to the Registry.

APPLICATION CERTIFICATION AND SIGNATURE

I certify that the information on the Credit Certification and Registration Form and any accompanying documents are true and accurate to the best of my knowledge and belief. I grant permission to the Department, verifier, and their agents to enter the project site for inspection purposes during working hours. I will abide by the conditions of all permits or licenses issued for this project and will operate the project in a manner that will generate the credits identified in this application. I understand that none of the information contained in the application form is confidential and that I may request that required information be considered confidential under applicable laws.

I understand that I must provide an update of this credit registration, in writing within 30 days, to the Department and the credit buyer, if applicable, if there is a change in: (1) project operations that could reasonably be expected to affect this credit certification; or (2) ownership of the project.

I further understand that failure to sign the application will result in the application being deemed incomplete.
